Your attention is drawn to the following statement: This is a custom-made medical device that has been manufactured to satisfy the design characteristics and properties specified by the prescriber for the above named patient. This medical device is intended for exclusive use by this patient and conforms to the relevant essential requirements specified in annex 1 of the medical devices directive and the United Kingdom medical devices regulations.

Health and Safety reminder: To comply with COSHH regulations and BDA good practice, impressions and other appliances should be suitably decontaminated and disinfected before sending to the Laboratory.

Top Copy: Retain for Laboratory records. **Bottom Copy:** Retain for surgery record and patient.
